Our personalized facial treatments center around your unique **Elemental Nature**. We begin each session by determining where skin is out of balance, then customize a treatment to bring harmony back to your skin. Experience the rejuvenating power of plants and minerals to help your skin look and feel its best. All facials include elements from the following treatments:

### Botanical Skin Resurfacing

Experience radiant skin in just one hour with our smoothing, personalized facial powered by the energy of tourmaline. This non-invasive treatment balances your skin's nature and your spirits with formulas containing marine plant and mineral extracts that infuse visible life into skin, revealing refinement and clarity.

### Outer Peace

Calm, cool, and hydrate skin that is out of balance with Aveda's Outer Peace Formula, a signature treatment that utilizes plant-derived salicylic acid to exfoliate skin. The power of lemon, tea tree, lavender, rose, and geranium essential oils soothes and treats oily, acneic skin conditions.

### Enbrightenment

Helps to diminish and prevent the appearance of discoloration, creating clearer and more luminous skin. Treatments are applied on cleaned, exfoliated skin, followed by Japanese accupressure.

### Back Treatment

A complete facial for the back that includes cleansing, toning, exfoliation, extractions, massage and masque.

## Green Science

The Green Science facial treatment combines powerful plant ingredients and high-touch massage to visibly renew and repair aging skin. It is clinically proven to lift and firm the appearance of skin, while visibly reducing lines and wrinkles. It improves smoothness, tone, and clarity, strengthening the skin's barrier function and reducing the appearance of age and sun spots.

### Dual Exfoliation Treatment

\$100-110 / 60 Min

We combine Aveda's naturally-derived mechanical and biochemical exfoliation methods - including Perfecting Plant Peel - into one powerful service that transforms the skin through dual exfoliation. The result is improved texture, clarity, and radiance, smoothed appearance of fine lines and wrinkles, and refined pores. You'll see immediate, visible results revealing fresher, younger-looking skin.

### Perfecting Plant Peel

\$65-75 / 25-35 As Add-On

The Perfecting Plant Peel is clinically proven to provide the instant exfoliation and radiance of a 30% glycolic peel without the redness and irritation. The result is smooth, refined, and even-toned skin.
